GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Comptroller's Office, Bangalore.

No. 122 Spl./ *Dated the* 7th August *194* 4.

The Financial Secretary to Government.
Bangalore.

Sir,

Food.Supplies Audit and Accounts staff.

I have the honour to forward herewith a copy of letter No.SD.764/Accts dated 31-7-1944 received from the Auditor and Accounting Officer, Food Supplies Department regarding the continuance of the audit establishment sanctioned for the Bangalore City Ration Office till 12-8-1944 in G.O.No.SD. 7658-59/A.129-43-49 dated 12-5-1944. In Para 4 of the Auditor's letter it has been clearly shown that it is necessary to continue the staff on the existing basis for a further period of nearly 4¾ months or till the end of December 1944. In the circumstances, I request that sanction of Government may kindly be obtained to the proposal of the Auditor to retain the full of existing staff viz., One Superintendent and 12 Accounts clerks on their grade pay in the Accounts Department with a deputation allowance of 20% of pay and conveyance allowance of Rs.15/- to the Superintendent and Rs.10/- to the Accounts Clerks till the end of December 1944.

Early orders are solicited as the present sanction expires from 12-8-1944.

No.SD/764 /Accts.

Office of the Auditor & Accounting Officer, Food Supplies Department,

Bangalore, Dated: 31st July 1944

To

The Comptroller to Government
of Mysore, Bangalore.

Sir,

Adverting to Government Order No.7658-59/A.129-43-60 dated 12-5-44 sanctioning the continuance of the audit establishment of the Bangalore City Ration Office till 12-8-44, I have the honour to state that out of 115 grain, 11 Fuel and 7 standard cloth depots opened in the City, 80 grain and fuel depots were closed to the end of June 1944. Attention was first paid to completing the audit of the closed depots in order to fix responsibility of the depot staff for shortages noticed. Accordingly the audit of 67 Grain depots were completed and that of the remaining 13 is nearing completion. It was not possible to take up the audit of the other depots as the condition of accounts kept was not satisfatory, particularly during the period August and September 1943 when accounts were kept in pieces of paper and exercise books and even they were not available at the time of examination in some cases. The staff of the depot were also not available to produce accounts and explain transactions as their services had been terminated. This naturally retarded the progress of the audit.

2. There was not much work in the Fuel depots so far, but the work has now increased a great deal and more depots are being opened up.

3. Further the compilation of accounts of all the 130 depot (including Fuel and Standard Cloth depots) has been taken up for the period ending June 1944 as the necessary accounts have not been compiled in the Ration office due to the late sanction of account staff to that office and the heavy arrears that have accumulated there. This work is likely to take about one month for the entire staff.

4. In order to bring the work of the remaining depots and other offices up-to-date, it is necessary to sanction the continuance of the audit establishment to the end of December, 1944 as particula-

particularised below:

a) 35 Grain Depots:
12 months accounts each.
(average up to date of audit)
at 30 days each depot --- --- 35 months.

b) 7 Standard Cloth Depots:
12 months accounts each
at 12 days each depot --- --- 2½ "

c) 11 Fuel Depots:
12 months accounts each
at 12 days each depot --- --- 4½ "

d) 9 Food Offices:
21 months accounts each when they
are taken up after completing the
depots at 7 days an office --- 2 "

e) Ration Office:
18 months accounts, Vouchers,
Cash Books, Acquittance roll etc.,
Examination to end of June 1944.

f) Assistant Rationing Offices:
6 months when it is taken up

} 3 "

47 months.

Total for one hand --- 47 months.

" for 12 hands about 3¾ months

For compilation of accounts --- 4¼ months or end of December 44.
(1 month) (Total)

I request that sanction of Government may be kindly obtained to continue the full scale of (existing) staff till end of December 1944.

5. After December 44, the extra staff will be reduced so as to keep up to the sanctioned scale of one clerk for every 10 Government depots.

I have the honour to be
Sir,
Your most obedient servant,

Auditor & Accounting Officer,
Food Supplies Department.
